FOR IMMEDIATE RELEASE
January 20, 2012

NETFILE STARTS THE NEW YEAR OUT WITH A BANG!

NetFile, the industry leader and pioneer in electronic filing and administration systems for Statements of Economic Interests (FPPC Form 700) and Campaign Disclosure (FPPC Forms 450,460,461,465,470,496, and 497) last week signed a contract with its 20th local government client in CA to use its Statement of Economic Interests e-filing and administration system and its 24th CA client on its Campaign Disclosure e-filing and administration system.

NetFile is the original innovator of hosting these e-filing and administration systems so you do not have to install anything on your servers. NetFile clients don't waste precious IT hardware and labor resources. No need to constantly apply security updates and bug fixes with NetFile. All maintenance is done by NetFile to its servers so you don't have to. Your data is safe and secure being replicated to offsite locations to add redundancy. Both systems have an admin portal, filer portal, kiosk portal, and a public portal. You are also provided with duplicates of these in a test environment at no extra cost.

For the Campaign Disclosure e-filing and administration system, NetFile has no competition. Many local government clients have sole sourced this system as a result. All of the benefits of the SEI e-filing and administration system mentioned above also apply to the Campaign system. In addition, the Campaign system also meets the CA Secretary of State standards for electronic filing of disclosure statements so filers using 3rd party software don't have to use the free filer portal to create their data. They simply upload their .cal document created from their 3rd party software.

NetFile is a privately held corporation based in Mariposa, CA and was established in 1998. NetFile is the originator and leader in e-filing and administration systems for both Campaign Disclosure and Statements of Economic Interests. All programming, sales, and support are based in California so all revenue supports local and state economies.

Statement of Economic Interests Form 700 FPPC 800 Series Forms *E-Filing & Admin System*

Filing Forms 700 & 800 Series Made Simple and Secure

Make your hard to track paper filing system obsolete with the industry leading provider of an e-filing system for the Form 700 and 800 series! Don't be fooled by companies with large start up costs and overseas programming. NetFile is the founder and leader of this market space with several thousands of e-filings made over the last 6 years and our system has no startup costs at all!

Being an online system, the agency, filer, and the public can access the system 24/7/365. Since this is a shared platform, the system is affordable for even the smallest local government client. NetFile offers around the clock support that is 100% based in California (no need to worry about foreign based support)! All revenue stays in CA (not outsourced like the competition)!

A sampling of NetFile's system advantages are:

- Easy to use admin and filer interface
- Easily manage your filer's conflict of interest code
- Multiple levels of administration
- Database is kept current throughout the year - no more year-end panic!
- Public portal for 800 series form online requirement!
- Multiple position filings are fast and efficient with NetFile!
- Previous Form 700 Filer data populates new filing (huge time savings)!
- Works with any modern Windows PC, Mac, or Linux system with current browser.
- NetFile is 100% based in CA (no outsourcing of work to other countries)

Features

Electronic Filing

Each Form 700 filer can self-register and is issued a unique Filer ID and password. A link from your website starts the filing process. The site is hosted by NetFile but looks just like your site. NetFile servers ensure fast and efficient filings. The submitted filing is validated to stop amendments from happening in the first place.

Agency Management Tool

The system acts as your repository of filers. Create the filers in the database just once. Notifications can be sent out via an e-mail blast to all filers or filers by department. Upon receipt of wet signature, just input unique key code in the system and run your filing status report for an up to date filing receipt list. From the report you can see exactly who has e-filed and wet filed. This report can be run by department or for your entire database.

SEI Form 700 E-Filing & Admin System Facts:

100% BASED IN CA

All services from NetFile are based in CA. No outsourcing of labor to foreign countries. All revenue stays right here.

6 YEARS PROVEN SUCCESS

NetFile's local government clients in California have been using this system for over 6 years. NetFile has 20 County and City clients using this system with more on the way!

No Huge Upfront Costs

You pay a very reasonable ongoing fee for the system.

Staff Support and Training Included in Ongoing Fee

Being a hosted solution, you enjoy a low ongoing cost that includes both staff support and training at no additional cost to you! There is no limit to the amount of staff support or training provided to our clients.

No Long Term Commitment

All our contracts have 30-day out clauses (for any reason)!

Data is Safe and Secure

Backups are made nightly for all of you and your filer's data. The data is sent offsite to 3 separate locations to ensure the safety and integrity of your data.

No IT Involvement Necessary

All IT has to do is place a link on your website (that's it)!

NetFile Dedication

NetFile has been in business since 1998. Providing e-filing systems and software is all we do! There are no other distractions to keep us from servicing our clients to the fullest extent!

Document Viewing Portal - Public Site

You can choose to have your filers' documents shown over the internet in redacted form with your own redaction specifications. You can even narrow down which filers you would want to show. Public site meets FPPC's mandated 30-day online posting requirements for certain 800 series forms!

Document Viewing Portal - Private Site

The system also comes with a kiosk mode that allows you to show filings in unredacted form but only in your office. That way if someone walks in requesting to view a filing, just point them to one of your computers to search for the filings. They could print to your internal printer if they wanted to purchase a hard copy. No more pulling files and making copies wasting valuable staff time!

NetFile is Number One in California

NetFile is California's first internet based accounting, disclosure, and data management system. Our clients account for over half of all electronic disclosure document filings in the state of California. For our local government platform, there have been several thousand e-filings made for both our SEI Filing and admin system as well as our Campaign Disclosure filing and admin system.

Unparalleled Training and Technical Support

Our business model is based on an ongoing service with no long term contractual commitments from our clients. This guarantees you the best in training and support!
